Golden Block 50-C 16kg

The Golden Block 50-C stock block is designed to supplement cattle and sheep with urea, as Golden Crumble. Golden Crumble is a finely ground mixture of grain, urea and sodium bentonite cooked and expanded through an extruder. Extruded Golden Crumble is a complex of gelatinised starch/urea/bentonite. The process is designed to assist the safety of urea supplementation and improve efficiency of urea utilisation.

Cattle: 1 block for each 20 head per week. Expected intake approx. 115g/head/day

Sheep: 1 block for each 100 head per week. Expected intake approx. 23g/head/day

Typical Analysis			
Total Protein	40%	Sulphur	0.50%
True Protein	11%-12%	Cobalt	30mg/kg
Crude Protein	28%-29%	Copper	80mg/kg
Urea	9.75-10.1%	Zinc	500mg/kg
Calcium	1%	Iodine	30mg/kg
Phosphorus	0.5%	Iron	200mg/kg
Salt	15%-18%	Selenium	5mg/kg

Golden Cattle Block™ 20kg

Use: Feed to Cattle, or Sheep, free choice on green, maturing and dry pastures, or crop stubbles.

This product contains Golden Crumble. Golden Cattle Block™ contains 4% -5% Phosphorus and is fortified with protein, minerals and trace minerals.

This block may also be fed to Sheep.

Cattle: Place 1 x 20 kg Golden Cattle Block™ for each 20 head of Cattle or 50 head of Sheep. Expected intakes for Cattle are 100g to 300g per head per day and for Sheep 30g to 60g per day.

Analysis	%w/w	Trace Minerals	
Total Protein	30%	Magnesium	50mg/kg
True Protein	5%	Cobalt	5mg/kg
Crude Protein	25%	Copper	80mg/kg
Urea	8.75%	Iodine	30mg/kg
Calcium	5.75%	Iron	220mg/kg
Phosphorus	4% - 5%	Selenium	5mg/kg
Salt	20% - 24%	Zinc	500mg/kg
Sulphur	2%		

Stock Feed Blocks for Livestock

Dry Feed Stock-Block 20kg

David Grays Dry Feed Stock-Block is a protein and mineral feed supplement for Cattle and Sheep grazing mature pastures or stubble or when hand feeding grain or hay.

Composed of 30% Protein from 23%- 26% crude protein from Urea, and 4% to 7% true protein from vegetable meals, phosphorus, calcium, sulphur, trace minerals.

Cattle: 1 block for each 20 head per week.

Expected intake: 100g to 300g per head per day.

Sheep: 1 block for each 50 head per 2 weeks.

Expected intake 30g to 60g per head per day.

Analysis	Weight %	Trace Minerals	
Total Protein	30%	Magnesium	10g/kg
True Protein	4%-7%	Cobalt	30mg/kg
Urea	8%-9%	Zinc	500mg/kg
Calcium	9%-11%	Iodine	30mg/kg
Phosphorus	2%-3%	Selenium	2.5mg/kg
Salt	25%-30%	Copper	80mg/kg
Sulphur	0.50%	Iron	220mg/kg

Mineral Block + "P" 20kg

Use: Mineral Block + "P" is a supplement for Cattle and Sheep grazing green and mature pastures. The Block is mineralised and fortified with Phosphorus. May be fed as a supplement for Horses, Ponies, Goats, Llamas, Alpacas and Deer on pasture or when hand feeding prepared feeds, grain or hay.

Feed as an all seasons Mineral stock lick.

Cattle and Horses: 1 block 15-20 head per 10days.

Expected intake approx. 80g to 200g/head/day

Sheep & Goats: 1 block for 30-50 head per 2 weeks. Expected intake approx. 15g to 50g/head/day

Analysis	Weight %	Trace Minerals	
True Protein	2% - 4%	Cobalt	30mg/kg
Calcium	11%	Zinc	500mg/kg
Phosphorus	3%	Iodine	30mg/kg
Salt	30%	Selenium	2.5mg/kg
Magnesium	2%	Copper	80mg/kg
Sulphur	0.50%	Iron	220mg/kg

Shot-Gun Mineral Lick 20kg

Shot-Gun Mineral Lick 6kg

Shot-Gun Lick is a mineral block for Cattle, Sheep, Horses, Ponies, Deer, Goats, Llamas, and Alpacas.

Shot-Gun Lick is composed of salt, calcium carbonate, molasses, sulphur, magnesium plus trace minerals. Feed all year round to stock on pasture or when hand feeding with prepared feeds, grain or hay.

Sheep: Shot-Gun Lick may also be fed to sheep on prepared feeds in sheds, as a source of salt and calcium, for contentment and teeth grinding. Replace as consumed. The 6kg Shot-Gun Lick block is useful for feeding in sheds, yards or loose boxes.

Cattle: 1 20kg block per 20 head. Approx 50g to 150g/head/day.

Sheep: 1 20kg block per 50 head. Approx 10g to 30g/head/day

Analysis		Cobalt	30mg/kg
Salt	64%	Copper	80mg/kg
Salt Max	70%	Iron	1200mg/kg
Calcium	6.50%	Iodine	30mg/kg
Sulphur	0.50%	Selenium	5mg/kg
Magnesium	1000mg/kg	Zinc	500mg/kg

Horse & Pony Block 15kg, 6kg

Horse & Pony Block is a feed supplement for Horses and Ponies grazing green and maturing pasture, and dry feed. The block may also be used as a feed supplement for Goats, Deer, Llamas, or Alpacas at pasture or when hand feeding prepared feeds or hay.

Ingredients: vegetable protein meals (from Lupin/Cotton Seed/Soy/Canola), Salt, Calcium Carbonate, Molasses, Minerals and Trace Minerals. **Horses and Ponies** - 1 x 15kg block for up to 10 Horses and Ponies.

1 x 6kg block placed in feed bins for up to 3 animals.

Analysis	Weight %	Trace Minerals	
Protein -from natural meals	12%	Cobalt	30mg/kg
Calcium	9%	Zinc	500mg/kg
Phosphorus	2%	Iodine	30mg/kg
Salt	20%	Selenium	2.5mg/kg
Magnesium	1.50%	Copper	80mg/kg
Sulphur	100mg/kg	Iron	220mg/kg
